The World of Turtles

The turtle is an animal that has a shell on its back. The shell protects the turtle. It is the turtle's house. If the turtle is afraid, it can pull its head, legs and tail into its shell.

Some turtles live on land. Others live in the water. They live where it is warm. Turtles have no teeth, but they eat plants, insects and small animals.

12 The part of the turtle that helps to keep it safe is the

- tail.
- legs.
- teeth.
- shell.

13 When a turtle is afraid it

- goes inside its shell.
- runs away and hides.
- bites with its teeth.
- makes a strange noise.

14 A turtle would most likely live

- far from water.
- in a warm place.
- in a city with buildings.
- near a place where it snows.

What Does Aysha See?

My name is Aysha. When there are clouds in the sky, I like to sit and look at them. Sometimes I see a cloud that is shaped like a boat. Another cloud may look like a big fish. A round, white, fluffy cloud looks like a large soccer ball. When dark clouds come, they look like black horses racing across the sky. Sometimes these clouds bring rain. Watching clouds makes me feel glad.

17 What animal does Aysha think the clouds look like?

- a horse
- a camel
- a rabbit
- a chicken

18 How does Aysha feel when she watches clouds?

- tired
- angry
- happy
- surprised

19 What does Aysha like MOST about clouds?

- their size
- their shape
- their colour
- their softness

20 What is this text mainly about?

- where Aysha lives
- what Aysha looks like
- how Aysha feels today
- what Aysha likes to do

21 Explain what happens when dark clouds come.
